What We're Learning Next Week...

Inquiry into Integrated Literacy

- Next week we will be reading the big book Growing Vegetable Soup. We will
- determine who is telling the story, use captions to give us more information, review contractions and ellipses, identify how commas are used, and locate conjunctions (and, but, or, so, because).
- We will also relate the story to our unit of inquiry, How the World Works.

Inquiry into Words Their Way

- We will have new word lists next week. Thank you for encouraging your child to practice their words at home each day!

Inquiry into Integrated Math

- Next week we will begin Topic 10, Using Models and Strategies to Add Tens and Ones. We will explore adding tens using models, ten more than a number, adding tens and ones using a hundred chart, adding tens and ones using an open number line, and adding tens and ones using models.

Inquiry into Transdisciplinary Themes

- Next week we will begin our final unit of inquiry, How the World Works. We will investigate the parts of a plant and what each part of the plant does. We will also discuss what a plant needs and begin to plant our own seeds in the classroom!
