**ANNUAL PUBLIC NOTICE OF SPECIAL EDUCATION SERVICES AND  
PRESCHOOL SERVICES FOR CHILDREN WITH DISABILITIES**

**NOTICE TO PARENTS**  
 According to state and federal special education regulations, annual public notices to parents of children with disabilities are required to inform parents regarding child and dependency. School districts, charter schools, and intermediate units are required to conduct a survey for children who are in the eligible age group for education services or services via Section 504 or the Rehabilitation Act of 1973. Information related to special education services can be accessed via the Individuals with Disabilities Education Act and via 22 PA Code Chapter 14. For additional information related to Section 504 Chapter 15 services, the parent may refer to Section 504, Chapter 15, and the Board Education Circular entitled Implementation of Chapter 15. All school districts and charter schools are required to conduct child find activities for children in school age through 21 via 22 PA Code Chapter 16. For additional information regarding gifted services, the parent may refer to 22 PA Code Chapter 16. If a student is both gifted and eligible for Special Education, the procedures in IDEA and Chapter 14 shall take precedence.

This notice shall inform parents throughout the school district, charter school and intermediate unit of the child identification activities and the procedures followed to ensure confidentiality of information pertaining to students with disabilities of eligible young children. In addition, this public notice can be found at the school district, charter school and intermediate unit public websites and on the website of the Pennsylvania Department of Education. Children ages three through twenty-one can be eligible for special education programs and services. If parents believe that the child may be eligible for special education, the parent should contact the district of residence. Contact information is listed at the end of this public notice.

**Children ages three through the age of eighteen in first grade are also eligible if they have developmental delays and/or a medical, mental, emotional, educational, and behavioral disability that substantially interferes with their ability to benefit from the education process.** (b) The child's age on developmental assessment day on an assessment instrument which yields a score in months indicates that the child is delayed by 25% of the child's chronological age in one or more developmental areas. (c) The child is delayed in one or more of the developmental areas as documented by test performance of 1.5 standard deviations below the mean on standardized tests. Developmental areas include cognitive, communicative, physical, social-emotional, and adaptive. For more information contact the Lincoln Intermediate Unit 12 Procedural Office at (717)624-6961.

**EVALUATION PROCESS**

Each school district, charter school and intermediate unit has a procedure in place by which parents can request an evaluation. For information about procedures applicable to your child, contact the school which your child attends. Parents of preschool age children age three through five may request an evaluation in writing by addressing a letter to the Preschool Program Supervisor, Lincoln Intermediate Unit #12, 15 Millerbeck Street, New Oxford, PA 17350.

**CONSENT**

School entities cannot proceed with an evaluation or with the initial provision of special education and related services without the written consent of the parents. For additional information related to consent, please refer to the Procedural Safeguards Notice which can be found at the PATTAN website www.pattan.net. Once written parental consent is obtained, the district will proceed with the evaluation process. If the parent disagrees with the evaluation, the parent can request an independent evaluation at public expense.

**PROGRAM DEVELOPMENT**

Once the evaluation process is completed, a team of qualified professionals and the parents determine whether the child is eligible. If the child is eligible, the audio-visualized education program (HEP) team meets, develops the program and determines the instructional placement. Once the HEP team develops the program and determines the educational placement, school district, charter school staff, or intermediate unit staff will issue a notice of recommended educational placement/prior written notice. Your written consent is required before initial services can be provided. The parent has the right to revoke consent after initial placement.

**CONFIDENTIALITY OF INFORMATION**

The school district, charter schools, and to some extent the intermediate unit maintain records concerning children enrolled in the school, including students with disabilities. All records are maintained in accordance with the requirements of consent of parent of an eligible child who has reached the age of majority under State law. These records may be disclosed to other agencies or organizations only if the records are obtained before personally identifiable information is released, except as permitted under the Family Education Rights and Privacy Act (FERPA). The age of majority in Pennsylvania is 21. Each participating agency must protect the confidentiality of personally identifiable information in collection, storage, disclosure and destruction states. One official at each participating agency must assume responsibility for ensuring the confidentiality of any personally identifiable information. Each agency must maintain, for public inspection, a current listing of the names and positions of those employees within the agency who have access to personally identifiable information.

The Pennsylvania Department of Education (PDE) will destroy or have destroyed all test booklets for the Pennsylvania System of School Assessment (PSSA), Keystone Exams, and Pennsylvania Alternative System of Assessment (PASA) one year from the date on which student results are delivered. PDE will also destroy or have destroyed all answer booklets for the PSSA and Keystone exams and all results recordings for the PASA three years from the date on which the assessment is completed.

For additional information related to student records, the parent can refer to the Family Education Rights and Privacy Act (FERPA).

This notice is only a summary of the Special Education services, evaluation and screening activities and rights and protections pertaining to children with disabilities, children thought to be disabled, and their parents. For more information or to request evaluation or screening of a public or private school child, contact the responsible entity listed below. For preschool age children, information, screenings and evaluations requested may be obtained by contacting the intermediate unit.
